

➤ **Example 1: EDI Vessel/Pipeline Operator Report Data for Pipeline A Company**

This example illustrates the movement of reportable products by Pipeline A Company. The pipeline moves product from Terminal 1 to Terminal 2 and on to Terminal 3, which is located outside the state. Product movements include gasoline (Product Code 065), diesel fuel (Product Code 167), jet fuel (Product Code 130) and kerosene (Product Code 073). The pipeline also serves a user (Electric Company or Airport on diagram shown on page 2) with a direct connection to the pipeline. The user does not require registration as a terminal operator because the user's facility does not have a terminal rack.

The actual file, unlike the EDI example below, will be a continuous stream of data without carriage returns, blank lines or line numbers.

123 SHIPPING COMPANY
JANE DOE
777 SHIP LANE
SOME TOWN, CA 95605

As a registered vessel/pipeline operator, you are responsible for reporting all receipts from California terminals and deliveries to California terminals for the reporting period.

Please check the applicable boxes for this report:

- ☒ Carrier Receipts - Schedule 14D to report
- ☒ Carrier Deliveries - Schedule 14E to report
- ☐ No activity to report

I hereby consent to disclosure and authorize the Board to release, as necessary, certain otherwise confidential transaction information regarding volumes, invoice numbers, bills of lading, locations, dates, or method of delivery of reportable products to any person identified by me in this report as being involved in a reported transaction for the sole purpose of verifying the accuracy of the reportable product transaction information concerning my transactions with such person as reported in this report, and

I hereby certify that this report, including all accompanying schedules and statements, has been examined by me and to the best of my knowledge and belief is a true, correct and complete report.
